2 CUSTOMER'S OBLIGATIONS

2.1 Customer must ensure the Participant's familiarization with the Rules and the Participant's compliance with the Rules.

2.2 Customer must carefully read these Terms and Conditions under which Zabbix provides Training Services to the Customer and grants professional certification to Participants.

2.3 Customer, prior to enrolling into the selected Training course or Exam, must verify whether the Participant's level of previous knowledge and certification corresponds to level required for the relevant Training course or Exam.

2.4 Customer must inform the Participants prior to enrolling into the selected Training course or Exam that Training courses and Exams are not adapted to Participants having any differences causing the Participant difficulty receiving information by hearing or sight, because the Participant is partially sighted, or deaf, or has partial hearing. Consequently, the Participant having such difficulties receiving information cannot successfully participate in the Training course or take the Exam.

3 PRICING, INVOICING & TAXES

3.1 All Trainings courses are provided for a Training Services Fee. Full payment of the Training Services Fee must be made prior to attending any Training course, or the Exam if the Customer purchases the Exam attempt only.

3.2 The Training Services Fee shall be due and payable in the currency indicated in the Invoice. The Invoice must be paid within 3 (three) weeks from its date of issue, but not later than 3 (three) business days before the beginning of the Training course. Zabbix reserves the right to cancel any registration which do not meet these payment terms.

Zabbix will charge taxes when required to do so. Customer will pay Zabbix net of any applicable withholding taxes. 4 TRAINING SERVICES

4.1 The Training Services can be performed by Zabbix either online or on-site.

4.2 Core courses

4.2.1 The Core courses form the basis of Trainings Services and are designed to train how to use Software to configure monitoring endpoints and solve monitoring tasks of various complexity.

- 4.2.2 The Core courses are divided into 4 levels depending on the previous level of expertise of the Participant and the depth of the knowledge in operating the Software. The Core courses also include 3 upgrade courses tailored to upgrade the Participant's knowledge up to date with the latest LTS, since every new LTS comes with updated functionality and added features.
- 4.2.3 The Core courses are based on the latest LTS available at the time the Participant attends the course; and, therefore, the certification for either User, Specialist, Professional, or Expert is also linked to the latest available LTS at that time.
- 4.2.4 If prior to release of the next LTS (for example, Zabbix 7.0 LTS) the Participant does not pass the Exam, which is based on the previous LTS (for example, Zabbix 6.0 LTS) that was the latest LTS available at the time the Participant attended the course, then the Participant will not be allowed to retake the Exam.

And if the Participant still intends to obtain the certification for that Core course, the Participant must either register for a new Core course based on the latest LTS (for example, Zabbix 7.0 LTS) or purchase an Exam for ZCU, ZCS, or ZCP separately, to take the Exam and receive the Course Certificate subject to fees set out on the Zabbix website.

4.3 Extra courses

- 4.3.1 The Extra courses are practical and intensive 1-day in-depth courses that provide comprehensive theoretical knowledge, practical experience in solving real-life use cases, and allow the Participant to master a specific monitoring topic. By the end of the Extra course the Participants will have the skills required to utilize the relevant Software's features discussed in the Extra course to their full potential.
- 4.3.2 Extra courses are available for all interested Participants and have no prior requirements. The Extra courses are conducted in a form of online training. Not each Extra course includes an Exam; and, therefore, the Participant which has attended at least 80 (eighty) percent of an Extra course with no Exam included, will receive the Attendance Certificate only. And for the Extra course with the Exam included the Participant can obtain both the Attendance Certificate and Course Certificate after passing the corresponding Exam.

4.4 Private Training course

- 4.4.1 The Customer must apply for the respective Training course on the Zabbix website and set out the Customer's intention to order the Private Training course intended solely for the Customer's personnel on the Customer's premises or online.
- 4.4.2 The Private Training course can be scheduled for a group of up to 12 students for the Zabbix Certified Specialist (ZCS) or Zabbix Certified Professional (ZCP) course, or for groups of up to 6 students for the Zabbix Certified Expert (ZCE) course.
- 4.4.3 The Private Training course is offered at fixed price per Training course, irrespective of the number of Participants.
- 4.4.4 Extra charges will apply to cover the costs for the Trainer's travel and accommodation expenses, as well as daily subsistence allowances, if the Customer requires the Private Training course to be conducted on the Customer's premises or other facility provided by the Customer.

- 4.5.2 The Customer gets a free place for 1 (one) Customer's Participant on each Hosted Training course apart from the benefits of the on-site training.

- 4.6.2 A discount applies if Training courses are purchased in a bundle.
- 4.6.3 The Training courses included in a Bundle must be completed within 60 (sixty) days from the first day of the first Training course or until the new LTS is released, whichever occurs first.
- 4.6.4 The Participant registering for a Core courses Bundle is granted with 1 (one) additional attempt at no additional cost to pass one Exam for one chosen Training course from the Core courses Bundle at the Participant's discretion.
- 4.6.5 The additional Exam attempt for the relevant Core course in the Bundle must be taken within 30 (thirty) calendar days from the last day of the relevant Core course. At the same time, the additional Exam attempt will be considered as lost; and, therefore, the Participant will not be able to use it if the new LTS is released before the date of intended use of the additional Exam attempt.

If the Participant fails to pass the Exam within the set time frame, the Participant may apply to retake the Exam for a fee indicated on Zabbix website.

- 4.6.6 If, for whatever reason, the Participant does not use the additional Exam attempt within the time frame set out in Section 4.6.5, then the additional Exam attempt will be lost and nonrefundable. Therefore, no transfer to another Participant or transforming into a voucher for the unused additional Exam attempt is possible.
- 4.6.7 Sections 4.2.3 and 4.2.4 apply to Exams for Training courses in the Bundle.

- 5.3 The submission of a Training Request creates no obligation for the Customer or the Participant, and Training Request is not considered as the registration for the Training course. The Training Request will be acknowledged through an e-mail by Zabbix's representative that will get in contact with the Customer to provide further details and send an invoice for the wire transfer.
- 5.4 Registration for the Training course will be considered confirmed once Zabbix receives full payment of Training Services Fee.
