DIAMAS Objectives

- Provide a high-quality, sustainable OA scholarly communication ecosystem
- Co-create & adopt standards, best practices, & guidelines
- Support the collaboration among Diamond Publishers & Service Providers

Registry: Publisher & Service Provider profiles, with information on their operations

Self-assessment tools: workflow to evaluate compliance to standards & best practices

Training platform: scenario-based learning paths and materials

Portal: guided access to components & resources

Forum: virtual space to support interaction & knowledge-exchange

Toolsuite: information & support on standards & best practices

Lay the foundations for the Diamond Capacity Hub (DCH)

- Design the CAP as a federated & modular infrastructure
- Identify standardised procedures for the integration of additional components
- Engage the community in sustaining the components & updating the resources
